# PDT MACRON IS IN FRONTLINE TO BOOST THE RYTHM OF VACCINE ROLL UP TO BE 24/7

**9 118 257 VACCINATED AS OF 24 MARCH 21**

Paris Washington DC, 24.03.2021, 02:04 Time

**USPA NEWS -** The health situation is worsening in Paris and suburbs, where the incidence rate has toped up to above 700 cases per 100,000 inhabitants, (Seine Saint Denis, 93 suburbs) whereas, the Parisians hospitals are under high pressure in the services of ÃŽle-de-France despite the semi lockdown, put in place since 19march, after the announcement of restrictive measures by French PM, Jean Castex last thursday March 18. The head of state, Pdt Macron, meanwhile, set the pace for the pace of vaccination, which does not take off as quickly as desired, focusing so far on vulnerable people. Indeed, President Emmanuel Macron spoke, to the media, from a center of vaccination in Valenciennes insisting on vaccination roll up, which must be the absolute "national priority", calling for vaccination morning, noon and evening and EVERY day, 24 hours a day. In France, 26,756 patients are hospitalized, including 2,286 new admissions in 24 hours, a toll of 287 death of for today, reaches (As of 23 March 21) In France, the total toll of 92913 people who died since the debut of the pandemic of COVID-19, is narrowing the bar of 100,000.

The head of state, Emmanuel Macron, meanwhile, set the pace for the pace of vaccination, which does not take off as quickly as desired, focusing so far on vulnerable people. Indeed, President Emmanuel Macron spoke, to the media, from a center of vaccination in Valenciennes (North of France) insisting on vaccination roll up, which must be the absolute "national priority", calling for vaccination morning, noon and evening and EVERY day, 24 hours a day. In France, 26,756 patients are hospitalized, including 2,286 new admissions in 24 hours, a toll of 287 death of for today, reaches (As of 23 March 2021) In France, the total toll of 92913 people who died since the debut of the pandemic of COVID-19, is narrowing the bar of 100,000.----------
President Macron insisted on vaccination which must be the absolute "national priority", calling for vaccination morning, noon and evening and EVERY day, 24 hours a day.----------
From Saturday we will open the vaccination to people aged 70 to 75 years. There will be no holidays or off, I want to. "Insisted the head of state Macron with regard to the days of vaccination, In 10 to 15 days, the doses will arrive" explains the French President to pharmacists. The fact remains that certain doses of AstraZeneca have not been honored in delivery, we will completely change size from April or these doses will be delivered “

1. DAY AND CUMULATIVE VACCINATION DATA----------
As far as the vaccination campaign in France, is concerned, 6 595 920 people have received at least one injection (i.e. 9.8% of the total population and 12.6% of the adult population) and 2 522 337 people have received two injections (ie 3.8% of the total population and 4.8% of the adult population) [1]. Vaccination against COVID in France, as of March 15, 2021, more than 9 118 257 injections have been performed.----------
There are 1360 patients are hospitalized in Ile de France, where hospitals say they are saturated, and have had to deprogram 200 surgical procedures to prioritize those related to COVID-19, and the milestone of 1500 patients will be reached soon, in a few days. .In France, 26,756 patients are hospitalized, including 2,286 new admissions in 24 hours, a toll of 287 death of for today, reaches (As of 23 March 2021) In France, the total toll of 92913 people who died since the debut of the pandemic of COVID-19, is narrowing the bar of 100,000.----------

From Saturday we will open the vaccination to people aged 70 to 75 years. There will be no holidays or off, I want to. "Insisted the head of state Macron with regard to the days of vaccination, In 10 to 15 days, the doses will arrive" explains the President of the Republic to pharmacists. The fact remains that certain doses of AstraZeneca have not been honored in delivery, we will completely change size from April or these doses will be delivered “

THIRTY FIVE (35) VACCINE CENTERS TO BE BUILT IN STADIUMS----------
Dozens of new vaccinodromes (Large Vaccine Center in a Stadium), or 35, will be built in the American way, including the largest one in the State of France which will open on April 6.----------
The European Commission, targets Astra Zeneca and the delay in delivery of the Astra Zeneca (only 30 million Delivered, and 60 million is STILL missing)"Doses not honored, and the next day will be a fight to obtain them, so that these contracts are honored" explained the President Macron while addressing the doctors and pharmacies in Valenciennes, during his visit in a vaccinodrome, today. Indeed, the EU targeting the United Kingdom, will toughen the sanctions on export conditions across the Channel before the next European summit in late March.----------
"The schools remained opened is an essential fight" said the Head of State, Macron who encourages teachers to be vaccinated (They are 100,000 in France). Indeed, the circulation of COVID-19 has intensified in schools and colleges, with an incidence rate of 500 per 100,000 inhabitants in the school environment, and Pr Gilles Pialoux Head of the Infectious Department at Tenon hospital, apple at the closure of schools. President Macron, explained : "As soon as we can we will need a vaccination campaign dedicated to teachers, announced President Macron" As for the world of work, the Minister of Public Affairs, explained that 49% of employees are in telework mode. The President Macron as for him addressed to private companies, to promote teleworking in order to slow down the circulation of the COVID-19 which engages in France, and this in spite of the implementation of a semi confinement since March 19, 2021, pa the government: "I ask all companies to apply mostly the remote working, as much as possible "
